

2024 Healthcare Common Procedure Coding System (HCPCS) Update

In 2024, Louisiana Medicaid will be updating the Medicaid Fee-For-Service (FFS) files regarding procedure codes. The intent is to have the new 2024 procedure codes on file with the applicable fee schedules updated and published as quickly as possible.

Several fee schedules including DMEPOS, Professional Services, Laboratory and Radiology on the Louisiana Medicaid website will be updated as they may contain discontinued and/or manually added new codes. Providers are encouraged to monitor [Medicaid | Department of Health | State of Louisiana | \(lamedicaid.com\)](#) for future announcements associated with the full implementation of the 2024 Healthcare Common Procedure Coding System updates.

UnitedHealthcare Community Plan (UHC) will prepare and update claims processing systems proactively with any additions, revisions, or deletions to minimize delays in processing 2024 claims.

LDH has published Informational Bulletin 24-01 for your reference [IB24-01.pdf \(la.gov\)](#).
