

Coordination of care resources

Access state and UnitedHealthcare tools to help you stay current on your patients' care from other health care professionals.

UnitedHealthcare Provider Portal self-service tools

Use the portal to review the UnitedHealthcare plan of care, health assessment and services provided to members. Go to UHCprovider.com and click on the Sign In button in the top right corner.

- [Access and New User Registration - Quick Reference Guide](#)
- [New user & user access](#)

Optum® Maryland – Behavioral Health Administration

Complete the appropriate release of information form to access patient substance use and mental health disorder treatment information.

- [Request for Maryland Division of Rehabilitation Services and Authorization to Disclose Health Information](#)
- [Authorization to Disclose Substance Use Treatment Information for Coordination of Care](#)
- [Authorization for Release of Health Information](#)

PreCheck MyScript

The PreCheck MyScript® tool provides real-time, patient-specific prescription data. First, sign in to the UnitedHealthcare Provider Portal. Then, select the PreCheck MyScript tile on your portal dashboard.

- [PreCheck MyScript – Real data, real savings, real results](#)
- [PreCheck MyScript Electronic Medical Record \(EMR\) Integration - Frequently Asked Questions](#)

Prescription drug monitoring program

The prescription drug monitoring program (PDMP) requires health care professionals who prescribe controlled dangerous substances to register for Chesapeake Regional Information System for Our Patients (CRISP) to review PDMP data. Complete your CRISP registration [here](#).
